ODD LOT SALE

LADIES' TAILORED SUITS.

We have only a few left from this spring's business, in fact there are no two of them alike, and we want to close the balance of them at once, and for this reason mark them to extremely low prices.

To make a long story short we make four lots of them.

1 lot \$12.50 Suits are marked to	\$ 7.75
1 lot \$15.00 Suits are marked to	\$ 9.75
1 lot \$18.00 Suits are marked to	\$12.50
1 lot 21.00 and \$22.00 Suits are marked to	\$15.50

Don't get the impression from the smallness of the price we have placed on them that they are "old left overs," for they are not. But we want to get rid of them for cash.

Incidentally, we sold about \$200 worth of Colonial yesterday, and

ONE-HALF OF IT

in the village of St. Johnsbury to two of our best business men.

They were not asked to buy our Paint, but they evidently know a good thing when they see it.

FOLLENSBY & PECK.

When Buying a Fence

the weight per rod and size of wire must be taken into consideration. Also the structural features of the fabric. There is not another fence on the market possessing the same structural advantages. We use heavy wires and the best galvanizing. The quantity of American fence now in satisfactory service on American farms is evidence of its merits. It has proven itself to be a great success. We build it of material from our own mines, through our own furnaces and steel mills up to the finished fence. We are the largest manufacturers of wire in the world and know exactly what kind to put into a fence to make it right.
